Product Change Notice

Issue Date: 01 July 2005

Change Type:
The barcode label on the immediate box holding our finished goods shipped to customers.

Parts Number Affected:
ALL SPG products shipped against Trade Orders

Description and Extent of Change:
Agilent will change the barcode label to provide for the name of country of origin in full. In doing so, the following changes will be made:

1. The naming convention for “country of origin” to “made in”
2. 2-alpha country code in both text and barcode to name of origin country of the product shipped in full
3. To provide for the required space for the country of origin, the “dept ID” will move up to the same line as “vendor ID”.

Please see below diagram on the changes made.

Reasons for Change:
This change is the effort from Agilent Technologies to ensure compliance to the global trade requirement as well as to meet customer satisfaction.

Effect of Change on Fit, Form, Function, Quality, or Reliability:
The change of the barcode will not affect the fit, form, function, quality and reliability of the product.

**Effective Date of Change:**
1st October 2005

**Qualification Data:**
Sample of the barcode label if desired can be made available upon request.

These changes have been reviewed and approved by Agilent Technologies engineers and managers per Agilent Technologies procedure: Change Control and Customer Notification, A-5962-6052-80.

Please contact your Agilent field sales engineer or Contact Center (http://www.agilent.com/view/contactus) for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
