Product End-of-Life Notice

Brocade Network Advisor

Brocade is initiating the End of Life (EOL) process for the Brocade Network Advisor product.

Brocade will continue to offer and provide support for the EOL products two (2) years after the Last Customer Ship (LCS) date specified below. This applies only to customers having a valid support contract and is subject to Brocade support policies.

The objective of the Brocade account management team is to assist you in making your final purchases of the product subject to EOL and to smoothly transition to the new products by planning to the following milestones:

Brocade Network Advisor	Date
EOL Notification Date	*3/08/2019*
Last Time Order (LTO) Final, Non-Cancelable, Non-Returnable Order Due Date (Subject to lead time and availability)	2/1/2020
Last Customer Ship (LCS) Date	2/8/2020
End of Support (EOS) Date	2/8/2022

Note: SMI Agent functionality and REST APIs supported in Brocade Network Advisor will also follow the same EOL timeline above.

Alternative/Replacement Products
Brocade recommends Brocade SANnav Management Portal Base or Enterprise edition as a replacement for Brocade Network Advisor.

Brocade Part Number	Description	Recommended Alternative Solution

Support Pricing

Subject to the provisions of your support agreement with Broadcom, support and access to software for the product will be available through Broadcom's 24x7 Technical Assistance Center (TAC) or online via the Broadcom CSP (Customer Support Portal)*. Beginning at time of LCS, and until the EOS date, there may be a 10% annual price increase for end-user service and support.

*Additional restrictions and limitations apply to support for software and such support may be cancelled or changed without notice. Contact your sales representative for more information.
