

Environment and Sustainability Policy

At Broadcom Inc., we strive to continuously improve the quality and efficiency of our operations and act in an environmentally responsible manner.

Our employees are required to support implementation of the following policy actions in accordance with their roles and responsibilities:

- Ensure our products and operations comply with applicable environmental legislation and other related compliance obligations
- Operate and continually improve an environmental management system that strives to align with our business practices and set objectives that enhance environmental performance
- Conduct our operations in a manner that supports recycling, conservation of resources, prevention of pollution and protection of the environment
- Responsibly manage the use of hazardous substances in our operations and products
- Inform suppliers, partners and contractors of our environmental expectations and encourage them to adopt sound environmental management practices
- Promote environmental stewardship and sustainability within our organization
- Publicly communicate our environmental priorities and performance annually

A handwritten signature in black ink, appearing to read "Hock Tan", is written over the printed name and title.
