

## Product Change Notice

**Issue Date: 02 June 2008**

**Change Type:**

Product package thickness changes from 1.4mm to 1.1mm.

**Parts Affected:**

WS1102-TR1

**Description and Extent of Change:**

There is only change in molding cavity thickness from 0.9mm to 0.6mm. There will be no change in die and package material used.

**Reasons for Change:**

Increase customer supportability by maximizing phone height availability.

**Effect of Change on Fit, Form, Function, Quality, or Reliability:**

The product electrical performance will remain the same. There is no change to electrical specification, external fit and function, quality or reliability in the final product.

**Effective Date of Change:**

Product shipments using this change will begin on or around 1st July 2008, but initiation of the change may be spread over approximately 6 months. Timing of shipment of the changed part will vary by part number depending on qualification completion, customer demand, and inventory levels.

**Qualification data:**

Qualification data will be available on early of June 2008.
