

Product Obsolescence Notification

Issue Date: 30, January, 2009

OBS013009FO1

Dear Customer,

Avago Technologies announces the obsolescence of a list of 10G single mode XFP, 1G Multimode SFP and 1G single mode SFF optical modules effective January 30, 2009. This obsolescence will also apply to custom parts based on these products.

Please note that the obsolescence is categorized as below:

Category 1:

The part numbers in this category will be replaced as a result, Avago Technologies have to announce obsolescence for the existing RoHS-5 platform. The replacements to these products are the RoHS-6 compliant equivalent.

Formal customer notification begins on January 30, 2009 and the key milestones are:

1. Final customer order date by (May 1, 2009)
2. Final ship date to customer by (August 1, 2009)

Category 2:

The part numbers in this category have approached the end of the product life cycle. As a result, Avago Technologies have to announce obsolescence for these products. There are no replacements to these products.

Formal customer notification begins on January 30, 2009 and the key milestones are:

1. Final customer order date by (May 1, 2009)
2. Final ship date to customer by (August 1, 2009)

For Category 1 products, customers are strongly encouraged to switch to the recommended replacement parts stated below, and Avago Technologies is willing to provide free samples of these parts for customer evaluation.

Please note that Avago Technologies reserves the right to limit last time buy quantities based on capacity and material availability. If you have any questions about this obsolescence, please do not hesitate to contact your local Avago Technologies sales representative or authorized distributors.
