Reasons for Obsolescence

Broadcom has recently launched Energy Harvesting Multi Encoder AS38-H39E series which is superior in performance and reliability. AS38 series is replacing AS37-H39B-K Series.

Broadcom would like to focus on AS38 streamline product with value add to the customer and competitiveness advantages.

If you have any questions about this obsolescence, please do not hesitate to contact your local Broadcom sales representative or authorized distributors.
