

VCF VCI Certification Exam Discount

VMware VCF VCI Program

VMware Certifications for VCF VCIs

Our team of VCF VMware Certified Instructors (VCI) are some of the leading instructors in the industry. In order to ensure a high level of excellence, VMware Learning requires each VCF VCI to earn their VCP Certification before teaching about a solution. In this process, it's recommended that VCF VCIs attend all classes in the solution's [training plan](#), then take and pass their VCP in that selected track.

We've made it even easier for our VCF VCIs to take their exams by offering a 50% discount off VCP and VCAP Exam Vouchers, limited to one per VCF VCI, per exam.

VCF VCI Exam Discount:

All VCF VCIs are entitled to a

50% Discount

on VCP and VCAP Exam Vouchers

**limited to one per VCF VCI, per exam*

VMware
Certification
